

ESG PACK 2027

BREAKTHROUGH

Finding New Solutions for
Sustainable Packaging!

PERIOD

April 20^(Tue.) – April 23^(Fri.) 2027

VENUE

KINTEX 1, KOREA

| EXHIBITION OVERVIEW

Title	 ESG PACK 2027 (The 3rd ESG Sustainable Packaging Exhibition)
Date	April 20 (Tue) - 23 (Fri), 2027 (4 days)
Venue	Hall 1, KINTEX Exhibition Center 1
Organized by	 The Monthly Packaging  KYUNGYON EXHIBITION CORP.
Supported by	• Ministry of Trade, Industry and Energy • Korea Institute of Industrial Technology - Packaging Technology Center • Korea Society of Packaging Science and Technology • Korea Eco-Friendly Packaging Forum Committee • Green Plastic Alliance

| KOREA'S B2B PLATFORM FOR SUSTAINABLE PACKAGING

ESG PACK 2027 is a specialized B2B exhibition connecting sustainable packaging materials, recyclable and reusable packaging, recycling technologies, smart packaging, testing, certification and regulatory solutions.

Held concurrently with ICPI WEEK 2027, the exhibition connects packaging solution providers with buyers and professionals from food and beverage, pharmaceuticals, cosmetics, consumer goods, retail, e-commerce, logistics and manufacturing industries.

From materials and packaging design to production, use, collection and recycling, ESG PACK presents practical solutions for the transition toward a circular packaging economy.

COMPLY

Turn Regulations into Action

Translate PPWR, EPR, recyclability assessment, certification and other packaging requirements into practical solutions for real-world implementation.

REDESIGN

Build Packaging for Circularity

Connect materials, Design for Recycling, manufacturing, reuse, collection and recycling across the entire packaging lifecycle.

GROW

Create New Business Opportunities

Build partnerships with Korean brands, manufacturers, retailers, logistics providers, research institutes and public organizations.

WHY EXHIBIT AT ESG PACK?

■ Reach Qualified Industry Buyers

Present your solutions directly to packaging developers, brand owners, manufacturers, retailers and logistics professionals seeking sustainable packaging alternatives.

■ Respond to Real Market Demand

Showcase practical solutions for recyclability, recycled content, packaging reduction, reuse, traceability, testing and compliance.

Build Cross-Industry Partnerships.

■ Connect with decision-makers from food, cosmetics

pharmaceuticals, consumer goods, electronics, retail and logistics industries.

■ Enter and Expand in the Korean Market

Develop new partnerships through Korea's integrated processing, manufacturing, packaging and logistics exhibition network.

I EXHIBITS PROFILE

Sustainable Materials & Packaging

Bio-based materials, Biodegradable and compostable materials, PCR and recycled materials, Paper and fiber-based packaging, Sustainable packaging materials and finished products

Recycling & Resource Circulation Technologies

Sorting and separation systems, Washing and decontamination technologies, Mechanical recycling, Chemical recycling, Recycled resin processing, Collection and resource circulation platforms

Recyclable Packaging & Design for Recycling

Design for Recycling (DfR), Mono-material packaging, Lightweight and reduced packaging, PFAS-free solutions, Easy-separation components, Labels, inks, adhesives and coatings, Recyclability improvement technologies

Packaging Manufacturing, Converting & Automation

Film and sheet extrusion, Molding and forming, Printing and converting, Filling and sealing, Packaging automation, Smart manufacturing, Energy-efficient equipment and production solutions

Smart Packaging & Digital Traceability

Smart packaging, Digital Product Passport-ready solutions, QR, RFID and NFC technologies, Variable data printing, Packaging data management platforms, AI and IoT-based packaging optimization

Testing, Analysis, Certification & Compliance

Packaging performance testing, Recyclability assessment, Environmental impact analysis, LCA and carbon measurement, Quality inspection, Certification, Regulatory and compliance consulting

Reuse, Return & Refill Systems

Reusable packaging, Refill systems and stations, Return and collection systems, Washing and sanitization solutions, Reverse logistics, Shared and pooled packaging systems

ESG, Policy, Research & Collaboration

ESG strategy and consulting, Government and public institutions, Research institutes, Industry associations, Professional media, Policy and industry collaboration programs

I TARGET INDUSTRIES & VISITORS

I CONFERENCE & SPECIAL EVENTS

* We welcome you to join our 2026 program. Please contact the organizer if you are interested in shaping the future of sustainable packaging together.

I EXHIBITOR SUPPORT

Certified International Exhibition+	Selected as an International Certified Exhibition+ by the Association of Korea Exhibition Industry.	
Business Matching Support	Access to one-to-one meetings with qualified buyers and invited overseas buyers.	
Marketing & Media Exposure	Exhibitor introductions through newsletters, official media, social channels and exhibition promotions.	
Customer Invitation Support	E-ticket and KakaoTalk invitation services for exhibitor customers.	
On-site Marketing Opportunities	Exhibitor presentations, seminar opportunities and sponsorship programs during the exhibition.
